

Enhance Productivity with Lexmark MFPs

Behind every successful business, you'll find a perfect office assistant. Award-winning. Multi-talented. A reliable performer who excels in a workgroup or alone. That's Lexmark. Every day Lexmark's award-winning laser multifunction printers help businesses increase productivity.

Lexmark multifunction devices deliver truly professional results, helping you print everything from basic documents to complex print jobs all with excellent print quality. By combining all your needs into one reliable device, you can save valuable office space, reduce the number of supplies to manage and simplify device maintenance.

Lexmark MFPs such as the X642e, X646dte and X782e offer print, copy, fax and scan standard along with an easy-to-use touchscreen interface.

Maximize your office productivity with Lexmark MFPs.

Feature-rich, All-inclusive Solution

Lexmark is excited to partner with InfoDynamics to provide you with a top-notch electronic document management solution that will seamlessly integrate into your current infrastructure.

Think of all the applications needed for effective document management: scanning software, barcode printing, auditing software, database management, copier integration, file cabinets, etc. InfoDynamics Intact SMART has it all. With version control, inter-application connectivity, instant searching and a feature list that goes on and on, Intact SMART makes you look intelligent just by using it.

When a document is in Intact SMART, managing the distribution, approval and lifecycle of your paperwork instantly becomes more efficient. You won't be waiting on manila envelopes to make their way back to your desk or worry about finding the right copy with the appropriate approval. With Intact SMART, you always know the "who, what, when and where" of your documents.
